PRESENTATION ON VIETNAM INTERNET ECOSYSTEM

IN THE SILICON VALLEY ON APRIL 29, 2018

April 29, 2018, San Jose. – A presentation on **Vietnam Internet Ecosystem** was conducted by the VNG Corporation (www.vng.com.vn), a leading internet service company in Vietnam, in cooperation with the Vietnam IT Development Group (www.vietgroup.net) on April 29, 2018 at the Santa Clara Convention Center, San Jose.

In addition to a number of guest speakers, who are high level executives of VNG Corporation, Mr. **Le Hong Minh, the Founder and CEO of VNG Corporation** was the event's key speaker. Mr. Minh's presentation focused on recent technology trends, start-ups and entrepreneurs in both Vietnam and worldwide. Mr. Le' s well-known achievements include: Zalo mobile messenger with 70 million registered users; Zing - the #1 digital media destination, exceptional game development as well as professional publishing businesses.

In addition to VNG speakers, a group of dynamic Vietnamese IT professionals provided insight into the new trends of Conversational AI. MaSSP (Math Science Summer Program) is a group of recent Vietnamese graduates who are providing Vietnamese high school students, especially students from underprivileged backgrounds, with opportunities to explore applications of mathematics and science.

More than 100 participants, mostly Vietnamese-Americans working for IT companies in the Silicon Valley, attended the event. These IT professionals were most intent in learning of the internet advances within Vietnam and looking for opportunities to connect with the IT development taking place in the Vietnamese IT industry.

The presentation concluded with a networking dinner to provide participants with ample opportunity to discuss and exchange information on technology development in Vietnam and the Silicon Valley.
